

After School Enrichment- Fall 2023

The following are Enrichment classes offered after school. Please use the google form below to select classes for your child. **Use a different form for each child.** The google form will close on September 4, 2023. A confirmation email for the class(es) you chose for your child will be sent out no later than September 6, 2023. At that time you will be sent an invoice for selected classes. If this invoice isn't paid by September 8, 2023 your child will be taken off the list for the Enrichment class.

[Register Here!](#)

There are a limited number of spaces in each class. Enrollment is done on a first come, first serve basis. A minimum of 12 students is needed for a class to run. Classes will be canceled due to insufficient enrollment. If a class is canceled, parents will be notified by email and phone call. There are no refunds or proration of tuition once a class begins. Classes are not scheduled during school holidays, breaks, early dismissal days or parent teacher conferences.

Bricks for Kidz and Karate are not included in the google form. You must register with them directly for those classes. Please follow the contact information below their class description to register.

***Due to the secondary school's different dismissal time - if your child is in grades K-5 and in Extended Day, staff will bring your child over to his/her class by 3:15pm. If your child is not in Extended Day, he/she will need to have a parent wait with them for those 15 minutes.**
-Fall classes with this scheduler are: E-sports and Clay studio.

Please sign your child up for classes they are interested in. We love having student's participate in our enrichment classes, but this can be difficult if a child has no interest in the activity. Please be mindful of the teachers' time and energy they put into all of these classes.

Clay Studio (Grades 3-5)

Monday: 3:15pm - 4:15pm

Location: Secondary Ceramics Room

\$205

Instructor: Mr. Warren Andrade

Experience the magic of the clay! In this hands-on class, we explore the hand building techniques of coil, pinch, and slab, abstract work; various textured applications in exciting projects that nurture children's creativity; and wheel throwing. Each week, students will create pieces in three dimensional arts, such as animals, masks and more! These projects make great bases for children's personal visions and allow them to play with art concepts including symmetry, texture and patterns. Working with clay helps children develop coordination and concentration while teaching them how to transform ideas into creative expressions. As the class proceeds they will be gaining knowledge about ceramic materials, glazes and firings.

*Class fee includes materials.
