

FINANCIAL AID PROGRAM

IPA is committed to creating an inclusive student body and broadening socioeconomic diversity by providing need-based financial aid to qualified students.

IPA collaborates with School and Student Services for Financial Aid (SSS by NAIS) to help determine demonstrated economic need. IPA's Financial Aid Committee considers many factors when assessing a family's ability to pay for educational expenses, including total income, assets, expenses, family size, and standard cost of living.

Parents requesting financial aid must reapply each year by **February 14**. The school's policy requires that students receiving aid must maintain an acceptable record of academic achievement and attendance and that both parents and students contribute positively to the school's community. All information submitted with the financial aid application is strictly confidential. All applicants for admission are evaluated without regard to a request for financial aid. The Financial Aid Committee distributes individual awards only after a student has been accepted for admission.

IPA partners with School and Student Services (SSS by NAIS) in our financial aid process. To begin your financial aid application, complete the SSS's Parents' Financial Statement (PFS) at [SSSbyNAIS.com](https://sssbynais.com).

The PFS is a comprehensive application that will take some time to complete. Give yourself the time you need by not waiting until the deadline to begin. You will need your most recent tax return before beginning the PFS. We also recommend that you review the wide range of materials that SSS has available online to help families with the financial process. They can be found at sssbynais.com/parents.

Financial aid decisions are communicated by email. Decisions are made using the information from the PFS as well as school policy, practices, and available budget.

IPA is committed to creating an inclusive body and broadening socioeconomic diversity by providing need-based financial aid to qualified students who could not otherwise attend IPA. Each year, approximately 25% of the student body receives need-based tuition assistance, with individual awards up to \$5000. IPA does not make financial aid awards covering 100% of the tuition.

IPA uses the School and Student Services for Financial Aid (SSS by NAIS), a nationally recognized methodology and documentation review, in the financial aid process to help determine demonstrated need. IPA’s Financial Aid Committee considers many factors when assessing a family’s ability to pay for educational expenses, including total income, assets, family size, standard cost of living, and number of children attending tuition charging schools. In making financial aid award decisions, IPA’s Financial Aid Committee also takes into consideration the school’s policies and priorities, the needs of our entire applicant pool, and IPA’s limited financial aid budget. While paying for private school education is primarily the responsibility of the family, the school attempts to assist as many qualified students as possible when making financial aid awards.

Parents/guardians requesting financial aid must reapply each year. The school’s policy requires that students receiving aid must maintain an acceptable record of academic achievement and citizenship, and that both parents and students contribute positively to the school’s community. In addition, the student’s account must be in good financial standing and current on all payments. All information submitted with the financial aid application is strictly confidential.

For applicants applying to the school: All applicants for admission are evaluated without regard to a request for financial aid. The Financial Aid Committee will send notification of financial aid decisions only after new students have been accepted for admission.

Divorced and/or Separated Families: When parents are separated, divorced, or never married, the assets and incomes of both natural parents are considered. Both natural parents are required to complete and submit all of the applications and documents by the deadline.

Non-Working Parents: The school’s policy requires that every financial aid applicant provide a statement to IPA’s Financial Aid Committee explaining why there is a non-working spouse in the family. The school expects that all parents make every attempt to contribute to the education of their child. If unemployed, updates must be submitted to the Committee regarding new employment and/or opportunities.

Special Circumstances: The completed financial aid application should reflect a clear picture of your family’s overall financial profile. Please submit a typed or written letter with your documents to IPA’s Admission Office, explaining any unusual or special circumstances.

All financial aid applications, tax returns and other documents are held in the strictest confidence and become the property of ISLAND PACIFIC ACADEMY and cannot be returned.

I declare that the information given in this application has been examined by me/us and to the best of my/our knowledge and belief is true and correct. ISLAND PACIFIC ACADEMY has my/our permission to verify all information reported, and I agree to provide additional information to ISLAND PACIFIC ACADEMY if the school deems it necessary.
